

Public attitudes in Georgia

Results of a March 2016 survey carried out for
NDI by CRRC Georgia

This research is funded by the Swedish International
Development Cooperation Agency (Sida)

Laura Thornton - NDI Georgia
Koba Turmanidze – CRRC Georgia

Why We Conduct Polls?

- Foster the development of more responsive policies and governance;
- Help stakeholders diagnose and address issues of public concern;

- leaders from across the political spectrum have reported that the polls are important to their work and encourage continued polling;
- Inclusive process: the polling instrument was developed in consultation with parties, government, and civil society leaders;

Information about the poll

- Fieldwork dates: February 23 – March 14, 2016
- 3,900 completed interviews
- A nationally representative sample including oversampled areas of the Capital, Urban and Rural settlements, ethnic minority settlements
- The average margin of error is +/- 1,6%

Methodology

Sample design

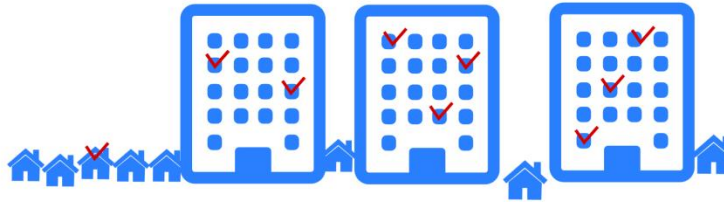

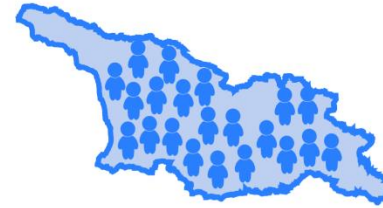

NDI and CRRC use a complex survey design:

- ✓ **Stratification** – dividing population in relatively homogenous sub-groups
 - ✓ **Clustering** – randomly selecting small geographic areas for each subgroup (stratum)
-
- Households are selected via random route sampling
 - Respondents are selected using a Kish table
 - Randomly selected households and individuals are not substituted
 - All interviews were conducted face-to-face, in Georgian, Armenian and Azeri.

How NDI Survey is Conducted

1

At the first stage, CRRG randomly selects voting precincts in Georgia. Interviewers are sent there with given starting point, directions for walking, step size, number of contacts.

2

Interviewer randomly selects households according to the given step size, e.g. every 3rd, 5th, 8th...

3

The respondent is selected randomly, with special method - so called Kish grid. Selected respondent cannot be replaced.

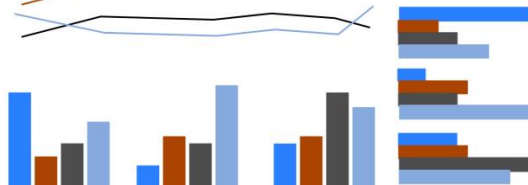

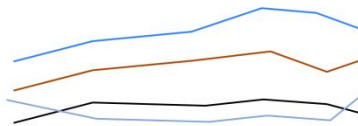

4

Interviewer conducts an interview with the selected household member. Interviewer uses tablet computer and a special software.

5

Interviewer submits the results via the internet to the special server.

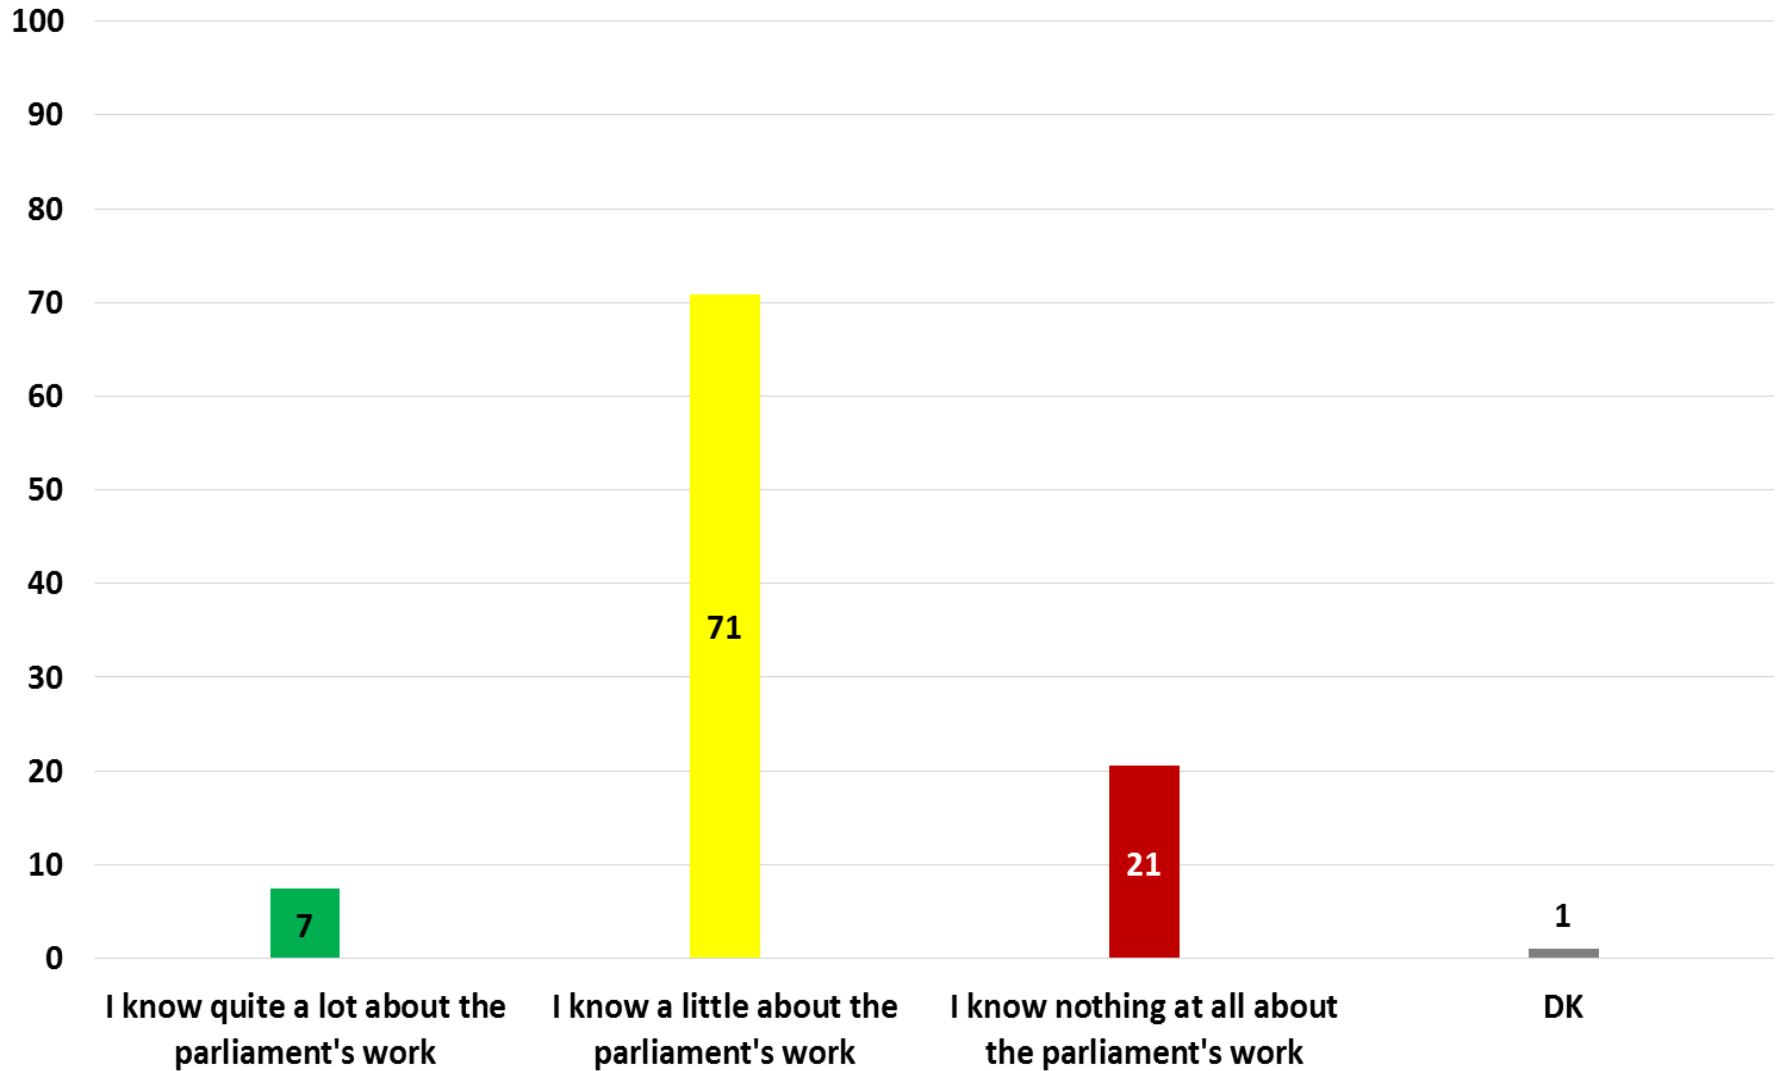

6

CRRG cleans and analyses collected data, which later is presented to the public.

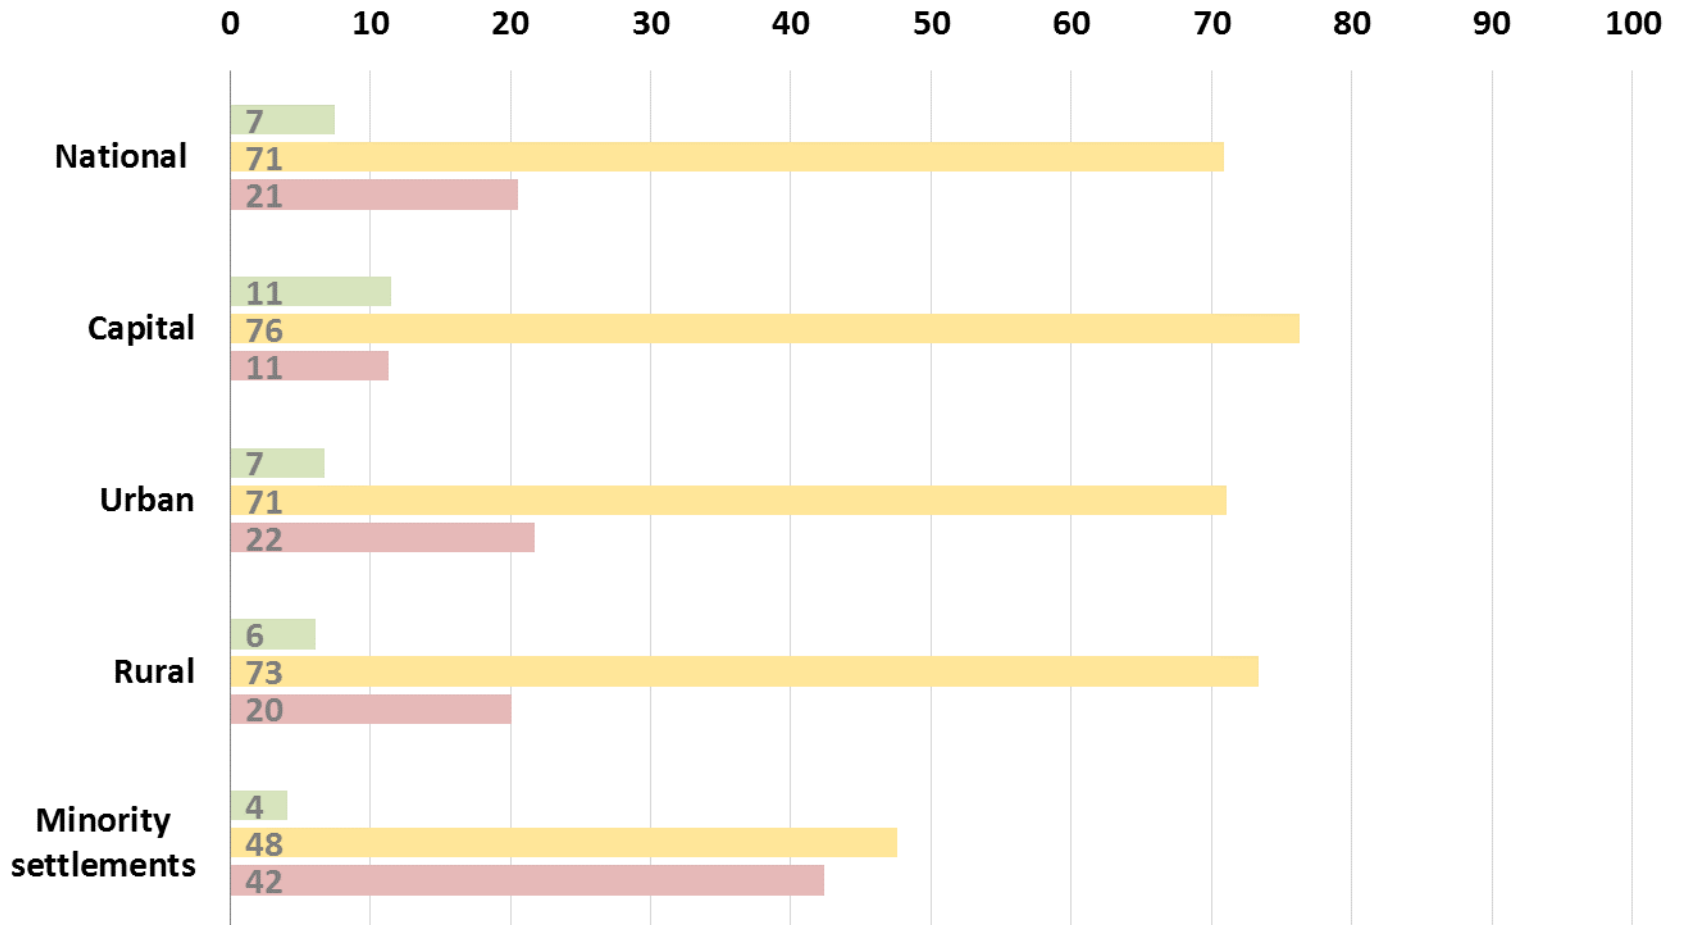

PARLIAMENT

Which of the following best describes your knowledge of the parliament's work? (q25)

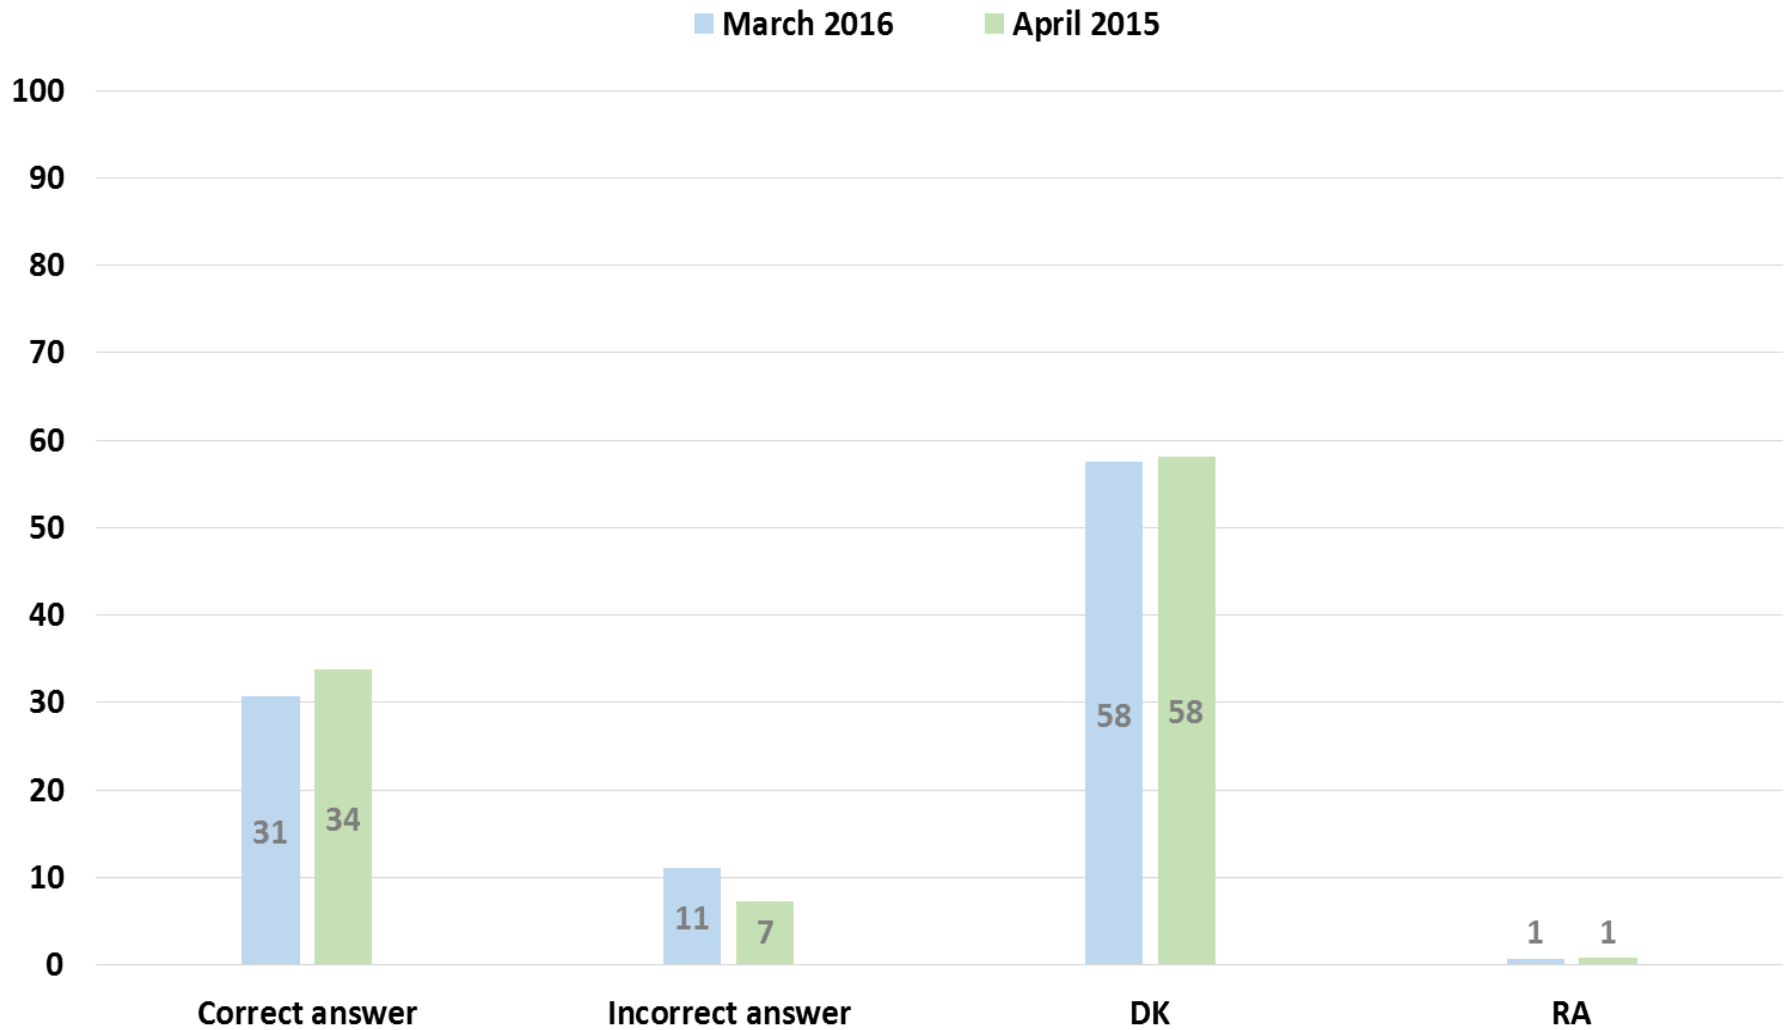

Which of the following best describes your knowledge of the parliament's work? (q25 X Settlement)

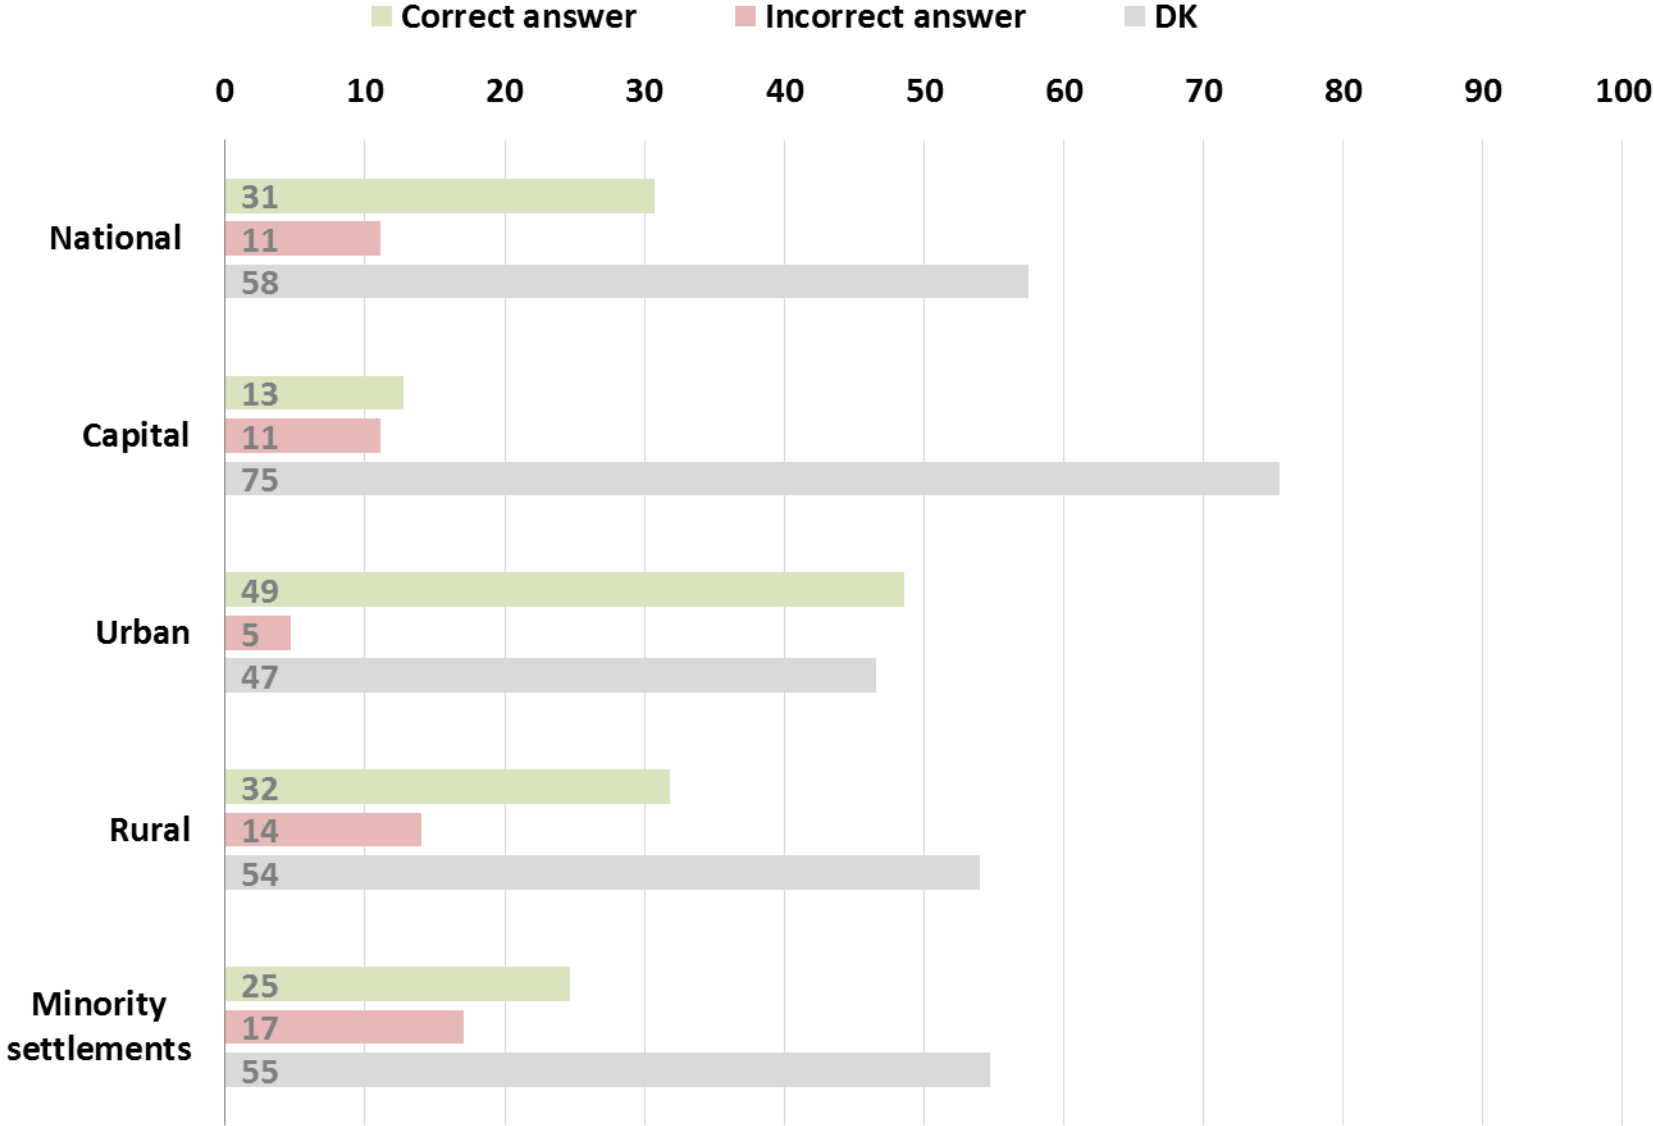

- I know quite a lot about the parliament's work
- I know a little about the parliament's work
- I know nothing at all about the parliament's work

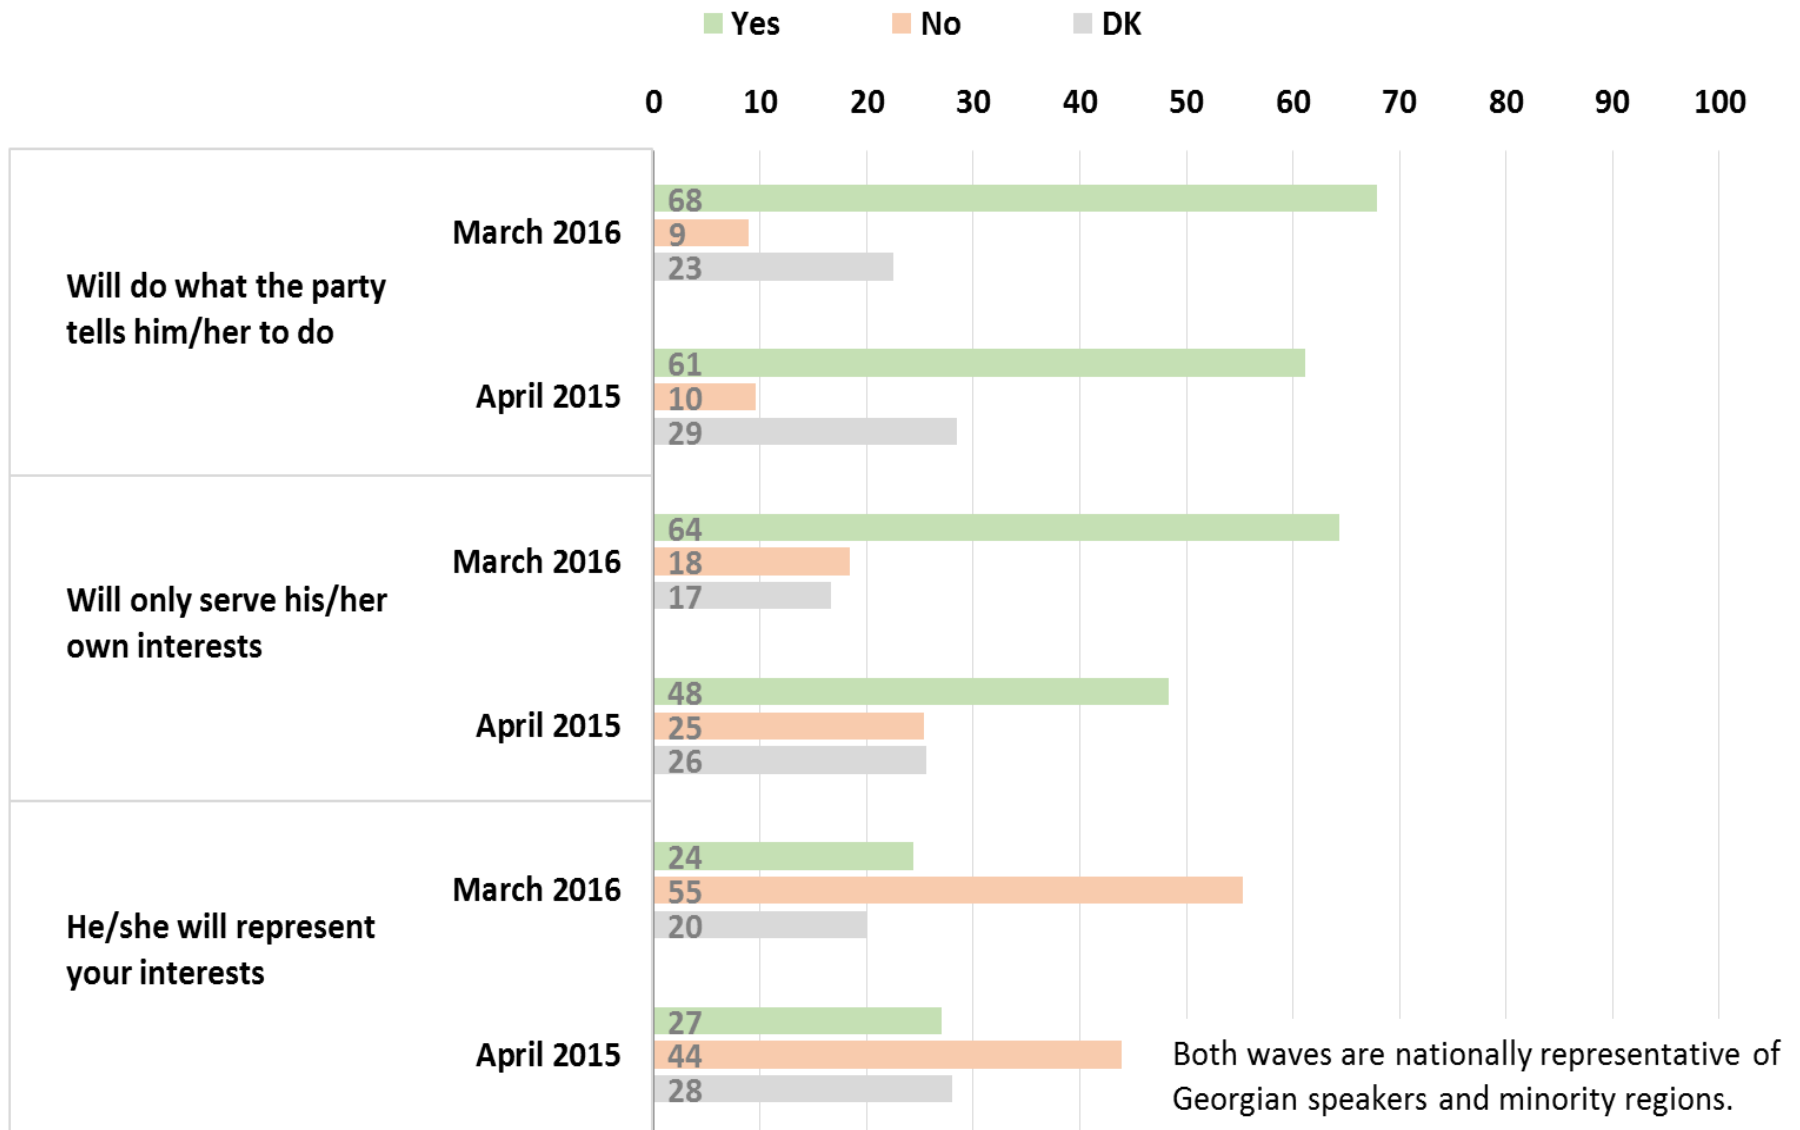

Who is your majoritarian member in the Parliament of Georgia? (q26)

Who is your majoritarian member in the Parliament of Georgia? (q26 X Settlement)

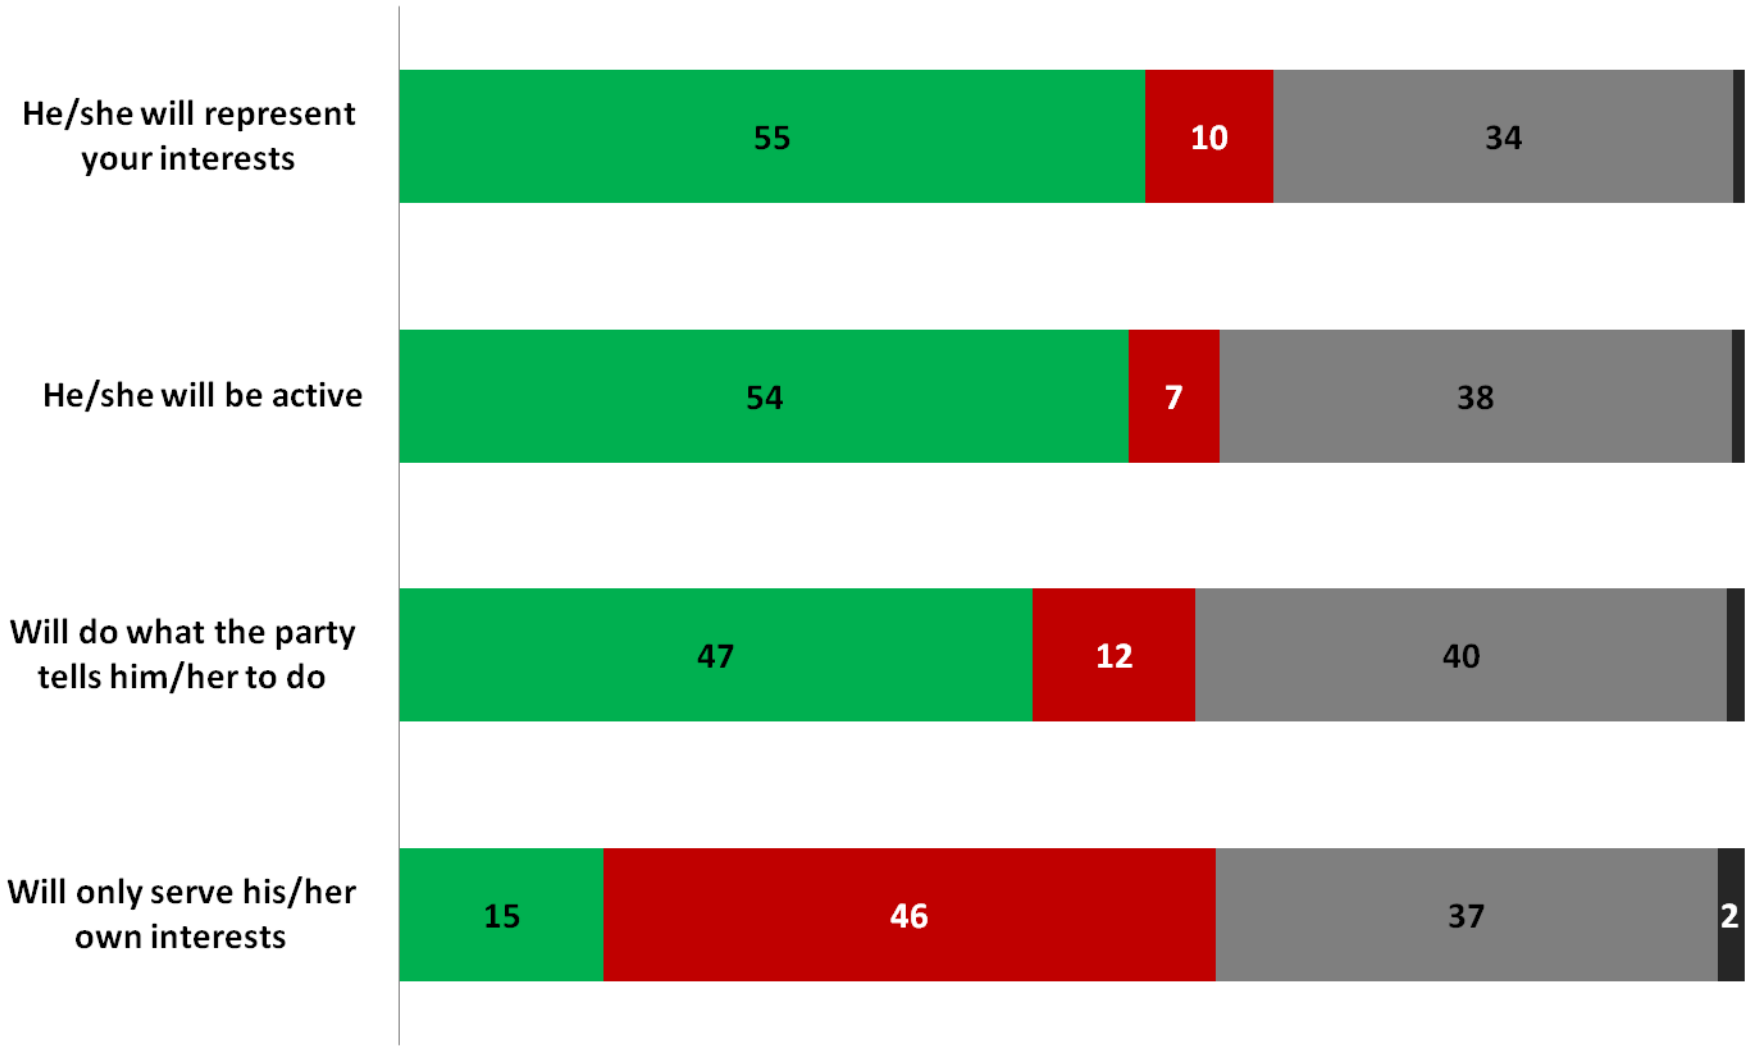

What do you expect from a Member of the Parliament (MP)? (q27)

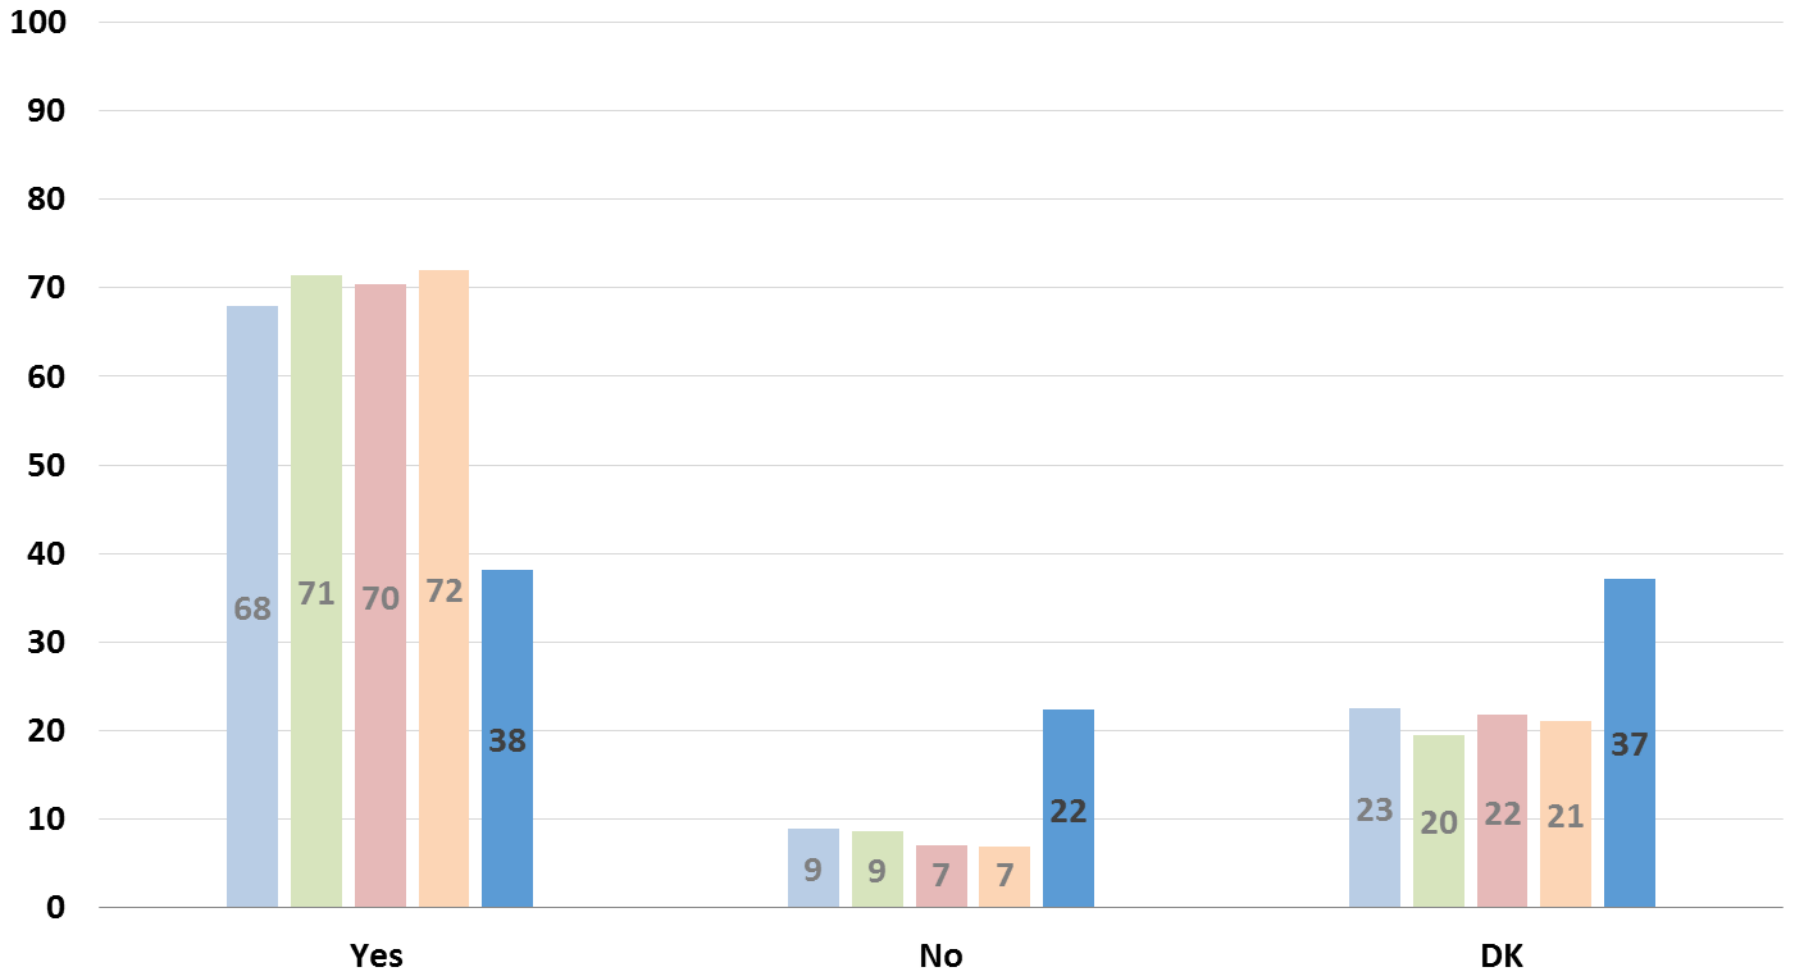

What do you expect from your majoritarian MP? (q39)
